

TRAVEL AND SAFETY FACT SHEET

Fireblade Aviation thanks you for your service booking with us. We assure you a wonderful travel experience with us. To ensure you have a memorable experience we have compiled a short summary of services available and of course the necessary safety policies.

VIP Lounge

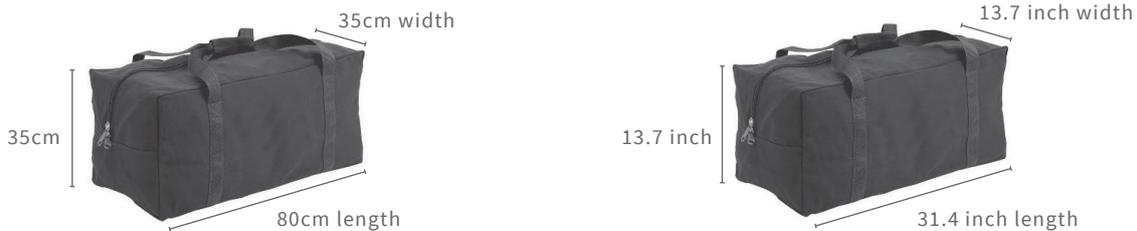

International and domestic arrivals and departure, lounge, VIP suites, Day bedrooms, Meeting room facilities, Bistro dining, Relaxation terrace, Spa, Gym, Shower rooms, Internet stations, Luggage storage and secure parking.

Tswalu Kalahari Luggage Limits

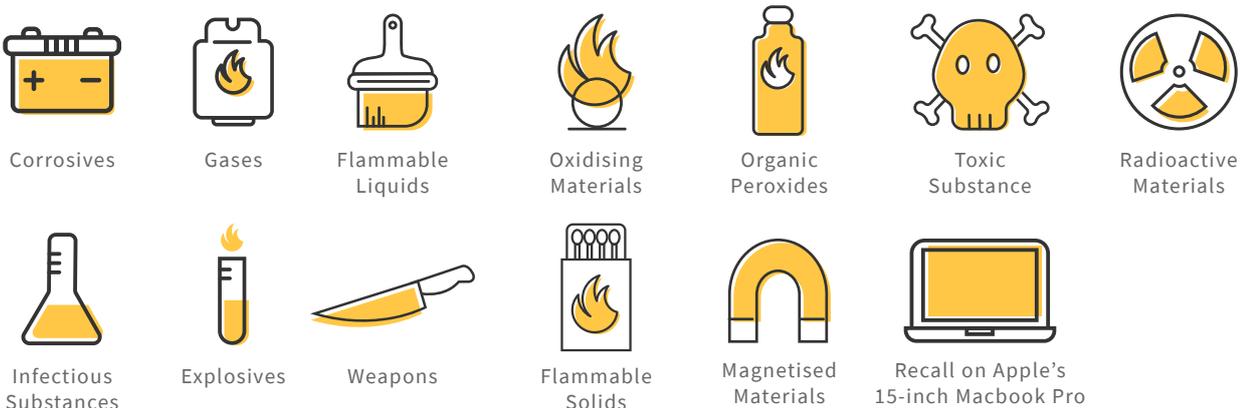

Because storage space in the Pilatus is limited, check-in luggage is restricted to 15kg (33 pounds) in a soft, duffel bag, while hand luggage is limited to 5kg (11 pounds). Extra seats may be purchased, at standard rates, should guests wish to travel with excess luggage.

Ideal Bag Dimensions

Dangerous Goods

Kindly note that certain items are not allowed to be carried on our flights as they are considered dangerous goods. For guidelines kindly review the below chart or declare items in question prior to flight.

NOTICE REGARDING APPLE'S 15-INCH MACBOOK PRO

Apple has recently announced a voluntary recall of a limited number of 15-inch MacBook Pro unit models manufactured from September 2015 to February 2017 which contain a battery that may overheat and pose a safety risk.

In line with the ICAO Technical Instructions for the safe transport of dangerous goods, which states that defective lithium batteries or those recalled by the manufacturer are forbidden for air transportation, Fireblade Aviation do not accept these laptops onboard (carry-on) and or as checked-in baggage. Persons planning to travel with a Mac Book Pro Laptop are requested to check their devices and if affected, comply with the recall requirements before travel. Please check the following Apple support website for further details: <https://support.apple.com/en-au/15-inch-macbook-pro-battery-recall>
